8 February 2017

TO WHOM IT MAY CONCERN

TRANSITION FROM SAETRA (PTY) LTD TO SAETRA HEALTH SOLUTIONS (PTY) LTD

Refer to your relationship with Saetra as an approved supplier of medical products on your supplier list.

In an effort to provide a more specialised service to our customers for medical products, we have decided to establish a new company under the umbrella of Saetra. Saetra Health Solutions (Pty) Ltd (Reg 2016/418756/07) have already been formed and are in the process of finalizing its VAT and other registrations at SARS. It will be a Level 2 BBBEE company (refer to the attached structure letter). We will be launching the company officially on 1 March 2017 to coincide with our financial year-end cycle. As a sneak preview, enjoy our new logo:

As excited as we are about the new structure, so frustrating it is to get over the last few administrative hurdles. We thus ask your patience as far as any documentation requirements are concerned. Any orders before 28 February 2017 can still be forwarded to Saetra.

If you have any questions or comments please do not hesitate to contact me. We trust that the new dispensation will lead to even better service levels.

Regards

CHRISTIAAN BRINK
